

Ward 6 Community Health Fair

September 5, 2009

10:00AM - 4:00PM

Sykes Park

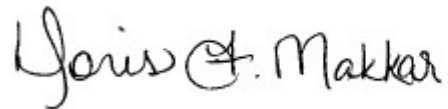

Hosted by: Ward 6 City Councilman Tony Yarber

(601) 960-1089

In an effort to promote community wellness and good health awareness, Councilman Yarber has decided to host a community health fair in Ward 6. This health fair is open to all who would like to attend and participate. There will be several community choirs showcased as well as other local talent. The aim is to have as many areas of health awareness represented as possible. The American Red Cross will also be on hand to spread the message of volunteerism. Education and resources are mandatory in maintaining good health. All vendors who are not able to participate are asked to provide literature so that your message may still be heard and your facility and/or services adequately represented.

If you would like more information please contact Doris Makkar at (601) 383-7773 or Beatrice Louie at (708) 870-7793

Thank you,

Doris F. Makkar
Ward 6 Events Coordinator
